## ORTHOSIS-PROSTHESIS TECHNICIAN POSITION AVAILABLE (TEMPORARY FULL-TIME)

### DESCRIPTION

Person who, following a medical prescription, determines the fitting plan. It designs, manufactures or supervises the manufacture, installs, adjusts, repairs and modifies orthoses, prostheses and positioning in order to improve the functional independence of users. She participates in their rehabilitation. It collaborates in the initiation to work and in the training of the personnel.

### REQUIREMENTS

#### EDUCATIONAL AND EXPERIENCE REQUIREMENTS:

- Must have a college diploma (DEC) in orthotics and orthopedic prosthesis techniques from a school recognized by the competent ministry;
- Member of *l'Ordre des technologues professionnels du Québec*;
- Two years of relevant experience is an asset;
- Experience with First Nations or with intercultural work is an asset;

#### KNOWLEDGE AND ABILITIES:

- Fluent in English;
- Fluency in Cree or French is an asset.
